Subject: Contract no:4/312 dt. 21/07/2005 for Carbonation Column and set of spares developed by NIOHIM.

Dear Sirs,

Please be informed that the technical drawings and documents submitted for the carbonation column were adequate. So we have installed and started up the column with our technical staff at the end of April 2006.

Having considered the new design and technology (particularly in column internals), we are satisfied with the capacity and performance results of the column. The obtained results are complying with the guaranteed conditions mentioned in the contract.

Best Regards
SODA SANAYİİ A.Ş.

Hidayet Özdemir
Deputy General Manager

Yalçın ORHAN
Purchasing Manager
